DJ PROFILE — Pigbag Age - 28 Lives in London within the Sounds of the Bow Bells. Favorite drink (incase anyone would like to by him a drink whilst on the decks) is Brandy + American, although he tends to think it's Scotch + Water!!

Q - How did it all start?
A - Started whilst partying in London and got asked to come down as Security (Yes! you heard it security) for the one and only Mensa himself at a nearby South Coast location!! So himself and Dr S Gachet (Oh my god it's all coming out now!!) got kitted out

control in one way or another. Secretly they both had their records in the car and blagged a half h spot and the story continues!! So not only can he knock you out he can also play records!

Q — Where else do you play?

A — Dance '91/'92, Rage, Fun City, Telepathy, Yikes, Freedom, Raindance, Passion (Bright Phantasy '92, Ibiza, Switzerland, Cornwall, Plymouth, Helter Skelter, Hypnoses, Madle (Heaven), Still Buzzin and so the list goes on!!

Q — Has House Music changed your lifestyle? How and Why?

A — Yep! Most definately, he doesn't get a decent nights sleep, with endless hours of traveling an present has a yellow v-shaped haircut which has been seen to be red, blue, green and even red green etc. . and also is known to have a stupid name like Pigbag as quoted in January's issu Mixmag!! DJ's 5 essential ingredients (although I don't think No 3 is correct)

THE DJ: FIVE ESSENTIAL INGREDIENTS 1. The boring name (Andrew, Dave, Phil, John) very stupid one (Pigbag SS, Groovender). **2.** Must never ever be seen to respond to the mu apart from the slightest nod of the head cocked while mixing. Must never be seen to dance Bored looking girlfriend **4.** Must never play a record more than 25 minutes old. **5.** Must be u
